

Measure 4: Ability of Completers to be Hired (in positions for which they are prepared)

2023 Employment by Preparation Area

Using information supplied by the Kansas State Department of Education (KSDE) of EPP first-year teachers in PK-12 schools in the state of Kansas, the EPP determined the number of teachers teaching in the content area for which they were prepared by the EPP.

Academic Year	Number of First-Year Teachers Teaching in Kansas, Reported for EPP	Number of First-Year Teachers Teaching in Position Aligning with Area of Licensure Preparation	Number of First-Year Teachers Teaching in Position Not Aligning with Area of Licensure Preparation ¹
2022-2023	176	169 (96.02%)	7(3.98%)

¹Of these completers, more than half were working in the area of special education on a waiver.
