

For academic programs that may reasonably be assumed to lead to professional licensure or other professional certification, these disclosures indicate, as of July 2024, the states where the university has determined through reasonable, good faith effort that such programs:

- Do meet the applicable professional licensure education requirements; or
- Do not meet the applicable professional licensure education requirements.

NOTE: Successful completion of an academic program at ESU is not a guarantee of professional licensure. Because each state has its own licensure requirements, you are encouraged to contact the relevant state department of education or appropriate licensing authority prior to beginning your program at ESU. For a list of US states and territories departments of education's certification requirements, [visit this link](#).
